

Request for Quotes: Security Risk Assessments for Member Health Centers

STATEMENT OF WORK:

The Alaska Primary Care Association (APCA) is soliciting quotes to secure a vendor with software and (remote) supporting services to provide annual Security Risk Assessments (SRAs) for our Health Center Controlled Network (HCCN) participants. The Security Risk Assessments must be compliant with 45 CFR 164.308.

QUOTE SPECIFICATIONS:

Please provide pricing information and a description of the service(s) provided. Responsive quotes will include the following information:

- Demonstrate compliance with 45 CFR 164.308
- Disclose whether software provides sectional progress tracking
- Describe training offerings or assistance provided with software (include additional cost as applicable)
- Specify whether previous completed assessments are available for reference and:
 - As applicable, whether previous security risk assessments are downloadable
- Detail additional products offered such as policy templates (include additional cost as applicable)

QUOTE DUE DATE:

Please email your response to Shyloh Snowberger, APCA Population Health & Quality Improvement Senior Manager at shylohs@alaskapca.org by 5:00pm AKDT on Friday, March 20, 2026.

EVALUATION OF PROPOSALS AND VENDOR SELECTION:

An APCA Procurement Team has been established and will be responsible for reviewing and scoring each quote received based on the following:

- Understanding the scope of work
- Services offered
- Pricing
- Ability to perform service
